Article 17(1) of MAR – Inside information

Treść raportu:

The Management Board of FAMUR S.A. of Katowice (the “**Company**” or “**Buyer**”) further to Current Report No. 10/2021 of March 17th 2021 concerning the execution of master agreement for delivery of photovoltaic panels (“the “**Agreement**”) with Trina Solar Schweiz AG (the “**Seller**”, „**Trina**”), announces that the Company has today claimed liquidated damages against Seller for failure to perform under the Contract.

Seller has failed to deliver some of the orders placed under the Contract by the prescribed deadlines. As the Parties were unable to reach an agreement on the final delivery of the delayed orders and the terms and conditions of their further cooperation, the Company has made a claim for liquidated damages against the Seller and issued a final notice thereto to promptly fulfil the orders in question.

In view of the foregoing, the Company is prepared to seek any relief available under law to safeguard its interests, and in the event of the Seller’s continuing failure to promptly make the delayed deliveries, it will file its claim with the competent court as provided for in the Contract.

In order to secure continuity of the implementation of PV projects, the Company has commenced talks with other potential suppliers.
